Voice of the President

Good News in 2021! I don't know about you but I'm excited about the Good News to come. Let us run with perseverance the race marked before us, fixing our eyes on the Lord, the pioneer and perfecter of our faith. Faith in and of itself, is nothing more than trust. Placing your trust in something that is not trustworthy, your faith is futile. Hebrews 12:1. Quotes from The Bible Promise Book. Women's Edition.

BARW will welcome guest speaker HCRP Chair, Cindy Siegel at our BARW Breakfast meeting on Tuesday, January 26 at 8:00 a.m.

Comments about Chair, Cindy Siegel from Elizabeth Lauzon, BARW Immediate Past President:

With Cindy Siegel as Chair of HCRP, auxiliaries like BARW will play more important roles since Cindy will form a council of auxiliary organizations (RW clubs, Pachyderm clubs, Young Republicans, Tea Party orgs, and other local area Republican clubs) to coordinate our resources and talents. This will give us more exposure and we must be ready to recruit more full and associate members and give them meaningful goals. This is very Good News!

BARW will do our very best to get behind Cindy Siegel and HCRP in their endeavor to reorganize and strengthen the Republican Party. It takes all hands on deck. We all have gifts, talents and ideas that we can bring to the table. Remember, we are "We The People" of the United States of America. Let us move forward in unity and peace for the betterment of our country.

Campaign Activities

Talk about a rough 2 months, on top of a really tough year and just for good measure throw in that debacle at the Capitol last week! Followed by Big Tech censorship. Where do I even begin? I begin by reminding everyone why we are involved in Republican politics, why we work so hard year after year, election after election. We work so hard because we must. We are involved because we believe in what Republicans stand for, what we as Americans stand for. Now is not the time to get weak kneed, now is the time to strengthen our resolve and to fight for what we believe in. The Democrats never let up and neither should we.

If we don't want to be a Socialist country, we must continue our work, not just in an election year but every day, every month, every year. Now is the time to get our message of freedom and liberty out in all communities. The Democrats are emboldened and will show themselves for who they are. They will work harder for non-citizens than citizens. Republicans are now, thanks to Donald Trump, the party of the little guy, the working man. All demographic groups will identify with our universal message of opportunity for all Americans. It is our job to work hard for every election especially those closest to the communities we live in. School board, water board, council members and judges.

Come to our meeting next week to listen to Cindy Seigel, our new HCRP Chair, and let's hit the ground running in 2021.

Membership

Susan Franklin

Well, I was having a hard time getting my thoughts focused to urge my fellow Bay Area Republicans to renew memberships in, and others to join, our Republican PAC. Until I turned on the television and was shocked and appalled to see the chaos in our nation's capital.

It is my hope that we Republicans: become educated, informed and aware of local, county, state and federal issues; are united and cohesive as we educate fellow citizens to our views of small government, law and order, and maintaining our Constitution; and we are galvanized, through education and unity, to spread our philosophy and beliefs to all citizens.

Thus my hope that memberships will be renewed for 2021; members will encourage friends and family to join Bay Area Republican Women; and we all become educated and active to support our Republican Party.

Bring your membership application to our breakfast meeting on Tuesday, January 26 or mail your completed application and dues check to:

Stockman Status

Our very dear family and friends,

We have had a blessed time together through the Christmas and new year holidays. However, we've stayed busy, especially with responding to so many wonderful friends who've reached out to congratulate and say hello. I've continued with regular physical therapy for my healing new knee – greatest discomfort when trying to sleep at night. But improving every day.

We have seen God's clear intervention in doors that are opening and actions being taken to both obtain a full pardon for Steve, and to set directions for him now to make differences in the nation.

One thing I wanted to do in this status is to address the fact that the president only commuted Steve's prison sentence. Mark Fitzgibbons wrote the explanation better than I could and I encourage you to read his article published just this morning. [Click here](#)

Please pray for:

- God's miraculous intervention in the state of our nation.
- The president's pardon of Steve and several other innocent political prisoners. Many prominent conservative signatories in the next couple of days on a new letter to the president.
- God's direction in every aspect of Steve's and my lives.

We pray God's mercy on America and to each of us in the coming year.

Love and blessings,
Patti and Steve Stockman

"Let us then approach God's throne of grace with confidence, so that we may receive mercy and find grace to help us in our time of need."

Ronna McDaniel

Chairwoman
Republican National Committee

I am proud to share with you that I have been unanimously re-elected to run the Republican National Committee for the 2022 Election Cycle. I want to thank President Trump and our entire party for continuing to place their trust in me.

I wanted to reach out to you first because you are one of our most loyal grassroots supporters, who has been there for us no matter what, and we need you on our team as a 2021 Sustaining Member.

Sustaining Members are the lifeblood of the Republican Party, and we'll be relying on you heavily these next TWO YEARS to help us secure Republican victories all across the Nation.

I know the Presidential Election did not turn out the way we wanted, which makes your unwavering support all the more critical. We need YOU to step up and activate your Sustaining Membership if we're going to successfully take back the Senate and the House in 2022.

I'm asking you to join us as a 2021 Sustaining Member and give us the resources we need by making a generous contribution.

We have a lot of work to do. We will not cede our Country to the Radical Left, who want to turn us toward socialism, institute a Green New Deal, and alter America as we know it. Our Party will only succeed with YOU on our team as a Sustaining Member.

As a member:

- You'll receive important updates from key members of the Republican Party, and myself.
- We will come to you FIRST for input on our Republican strategy.
- You will have EARLY ACCESS to new merchandise before ANYONE ELSE.
- And lastly, you'll cement your name in history as one of the Patriots who helped us stop the Radical Democrats from fundamentally transforming America.

Trump Marches

Elizabeth Lauzon

As a participant in the Million MAGA March, my experience was similar to Kimberly Rachele Fletcher's.

The night before the Million MAGA March, my husband and I talked to the DC police who said that Antifa was on the street causing trouble every night. It was sad to see restaurants and stores boarded up because of them. We were warned to stay in large groups and to get back to our hotels before dark to avoid Antifa violence.

During the March we could pick out young adults in black who were not joining in the revelry of the March. These same people would cull stragglers from the March and harass them very much like a pack of wolves would cull the weak from a pack of buffalos. If the targeted marchers were lucky, the Proud Boys would step in and defend them.

I believe Antifa instigated the breach of the Capitol. Yes, some Trump supporters joined them, but Trump supporters are peaceful, patriots. It was ironic to see a major "news" organization say that Trump supporters were storming the Capitol as they showed video of them peacefully walking through the rotunda, staying within the velvet tour ropes!

I am tired of the lies.

TFRW Legislative Day

TFRW Legislative Day will be held February 4, 2021, at the AT&T Conference Center in Austin. The cost will be \$80.00. The attendees will not be going as a group to the Capitol to be recognized as has been the case for the past years due to the pandemic. Further information will be forthcoming as the day draws near.

Greater Houston Council of Federated Republican Women will be honoring all club presidents at the meeting of March 16th, and immediately after, the Nuts N Bolts seminars are scheduled to begin. The list of speakers and their topics is not yet available but will be announced as it gets closer to March 16th.
